CITY OF NEW YORK Oct. 12, 1916.  
P.O. ADDRESS - LONG ISLAND CITY

Mrs. Gertrude Wells,  
Cabot, Vermont.

Dear Mrs. Wells:-

Replying to yours of the 9th, and I also received yours of September 10th enclosing the copy of the opinion of the Barre lawyer in reference to the combination building that I had hoped the Cabot people could have, and as that proposition is settled I had nothing further to say, but simply thought you would go ahead on the library or library and town hall.

I should be very glad if the Ladies Library Association and the town could work together and raise money enough so that my proposition would give them a library and hall. For they certainly need a hall, but if they cannot, then your association can certainly have a nice library. I am enclosing you on a separate sheet a memorandum of the verbal proposition I made while in Cabot Old Home Week, so that you will not only have my promised assistance in writing signed by me, but which of course will be a help in pushing the campaign.

Very truly yours,
