Members of Public Present: Ashley Andrews and Dan Currier of Central VT Regional Planning
Commission

Next Meeting: March 13, 7 pm

Draft minutes of January 15 approved without changes

Public Comment

None

Cabot Trails Initiative

Dan Currier and Ashley Andrews of Central Vermont Regional Planning Commission (CVRPC) attended the meeting to begin the task of developing a Purpose and Needs Statement for the Cabot Trails Initiative as the first task under the municipal planning grant. Drawing from several documents such as the municipal planning grant application, Town Plan and Cabot Village Revitalization Plan, a first draft was developed. Dan will circulate this for the Workgroup's review at the March meeting. A map of town trails was presented that included known trails, VAST trails, Class IV roads and public trails. The Workgroup added information on informal trails to this map. This map will be used as part of the public meeting in late April or May. Dan will also be gathering relevant trails background information specific to the project and will get this to the Workgroup in the near future. The next meeting with CVRPC will be in April.

Miscellaneous Business

The Workgroup currently has six members. Andy will send an email to the list of interested persons seeking an additional member.
