Called meeting to order

2. Approved meeting minutes from November
3. Approve discussion
4. Trail Discussion
 - a. Public comment

Trying to reviving some work Mike has done in the past. Rich Hourihan brought it to our attention at the last meeting.

Mike has talked about a grant that he worked on about 4 years ago.

Questions asked about documented trails in Cabot now. Chuck responded that he did not have time to go to get a map this week. Really there is nothing but the VAST trail.

Question posed about the Cabot forest. We are looking for trails to be non-motorized trails. Gary Gulka presented his role of Conservation Com and wants to offer his expertise on a Trails sub com.

Richard Hourihan reported that he spoke with marcel gravel from the Creamery. 400 acres around the Glinka property. He already checked with the insurance company and as long as the he and Cabot Creamery don't charge there is no problem with insurance.

This trail could possibly be ready for this winter. We should be ready to start marking trails the first of the year.

Karen Deasey said that we could tap into the Parks and Recreation.

5. Next meeting. January 8 at 5:30 Next meeting regarding trails
6. Rich asks for how do we get community members to donate more money.
7. Budget approved
8. Jim and Susan Dineen
